

# Heuchera Collections

Heuchera are one of the most popular shade perennials for today's gardens. They are versatile, foliage-first plants with a long season of interest. These plants like to be situated in moist but well-drained soil (they do not like to "sit wet"). Typically, the lighter the leaf color, the more shade is required. Varieties with dark colors are more tolerant of full sun conditions.

## DOLCE® Series

Moderate Sized

Foliage colors of chartreuse, red, purple, silver, caramel, and mint green

Predominately flat leaves; 'Apple Twist' and 'Cherry Truffles' have notable ruffling

'Silver Gumdrop' and 'Spearmint' are best for bloom with flower scapes that dry to hold their color after bloom has finished

## PRIMO® Series

Large Sized

Foliage colors of chartreuse, red, orange, black, and purple

Large, predominately flat leaves are well rounded

'Mahogany Monster' and 'Pistachio Ambrosia' have notable flowering performances, the former with massive scapes and the latter with large pink clusters.

## DRESSED UP™ Series

Large Sized

Foliage colors of black and chartreuse

Leaves are large, heavily ruffled

Excellent landscape and container presence. Very versatile in their use thanks to leaves with exceptional texture and long lasting color.

## FUN AND GAMES®

Moderate Sized

Foliage colors of chartreuse, red, and orange

Heuchera x Tiarella hybrids

Leaves range from deeply lobed to serrated

'Eye Spy' is the best for bloom with a long season of free flowering bubblegum pink scapes.

## DOLCE® Heuchera (Coral Bells)

DOLCE® Heuchera (Coral Bells) are extremely versatile perennials that provide much needed color to most garden spaces. These plants are mainly grown for their foliage color, but can also be enjoyed for their attractive flowers in summer (depending on the variety). DOLCE® are smaller stature plants, appropriate for use in containers and small spaces in the garden.

Exposure: Part Sun to Full Shade | Blooms: Midsummer | Zone: 4-9 | Foliage Height: 8-12" | Flower Height: 18-26" | Space: 16-24"

DOLCE® 'Apple Twist' - Chartreuse yellow foliage is rippled; newly emerging leaves have red veining.

DOLCE® 'Cherry Truffles' - Mahogany red leaves are heavily ruffled.

NEW! DOLCE® 'Frosted Berry' - Silver leaves have a slight blush. Creamy white flowers.

DOLCE® 'Silver Gumdrop' - Silver, iridescent leaves have a semi-glossy finish. Vibrant, bright pink flowers.

DOLCE® 'Spearmint' - Silvery green leaves. Bicolor pink flowers.

DOLCE® 'Toffee Tart' - Ginger caramel leaves with a silver overlay. Creamy white flowers.

DOLCE® 'Wildberry' - Glossy, bold purple leaves have charcoal veining.

DOLCE® 'Apple Twist' *Heuchera* PP31221 CPBRAf

DOLCE® 'Cherry Truffles' *Heuchera* PP31396 CPBRAf

DOLCE® 'Frosted Berry' *Heuchera* PPAf CPBRAf

DOLCE® 'Silver Gumdrop' *Heuchera* PP29207 CPBR5989

DOLCE® 'Spearmint' *Heuchera* PP31281 CPBRAf

DOLCE® 'Wildberry' *Heuchera* PP31222 CPBRAf

DOLCE® 'Toffee Tart' *Heuchera* PPAf CPBRAf

## PRIMO® Heuchera (Coral Bells)

Gardeners and landscapers alike can appreciate the size and vigor of PRIMO® Heuchera. These Heuchera do not need to be planted at the front of the border or in groups to make a significant landscape impact as all members of this series were selected for their ability to grow to incredible size. Mature versions of these plants will have leaves larger than your hand and habits comparable to a medium sized hosta.

A perfect complement to the DOLCE® Series, PRIMO® Heuchera have a more sizeable landscape presence with large, vigorous habits. These large-leaved varieties will make a statement all season long as they were chosen for their color fastness and heat tolerance.

Exposure: Part Sun to Full Shade | Blooms: Midsummer | Zone: 4-9 | Foliage Height: 10-12" | Flower Height: 18-26" | Space: 24-32"

**PRIMO® 'Black Pearl'** – Ruffled jet black foliage is glossy; rosy purple undersides.

**PRIMO® 'Mahogany Monster'** – Massive glossy, mahogany red leaves.

**PRIMO® 'Peachberry Ice'** – Large apricot orange leaves have a silver overlay.

**NEW! PRIMO® 'Pistachio Ambrosia'** – Chartreuse foliage transitions to lime in summer. Giant pink flower clusters.

**PRIMO® 'Wild Rose'** – Rose purple foliage. Rosy pink flowers.

PRIMO® 'Black Pearl' Heuchera PP29395 CPBR5724

PRIMO® 'Peachberry Ice' Heuchera PP31433 CPBRA7

PRIMO® 'Mahogany Monster' Heuchera PP31395 CPBRA7

PRIMO® 'Pistachio Ambrosia' Heuchera PPAF CPBRA7

PRIMO® 'Wild Rose' Heuchera PP29923 CPBR5990

DRESSED UP™ 'Ball Gown' *Heuchera* PPAF CPBRAf

DRESSED UP™ 'Evening Gown' *Heuchera* PPAF CPBRAf

## DRESSED UP™ *Heuchera* (Coral Bells)

*Heuchera* in the DRESSED UP™ Series have heavily ruffled foliage and large habits. This series has excellent landscape presence, site in well drained soil to increase longevity. Compared with the PRIMO® Series, these *Heuchera* have ruffled as opposed to flat foliage.

Exposure: Part Sun to Full Shade | Blooms: Midsummer | Zone: 4-9 | Foliage Height: 10-14" | Flower Height: 18-30" | Space: 20-28"

**NEW! DRESSED UP™ 'Ball Gown'** – Large heavily ruffled chartreuse leaves with a slightly serrated margin.

**DRESSED UP™ 'Evening Gown'** – Huge glossy black leaves with ruffled margins.

FUN AND GAMES® 'Eye Spy' *Heucherella* PP30532 CPBR6260

FUN AND GAMES® 'Hopscotch'  
*Heucherella* PP28750 CPBR5818

FUN AND GAMES® 'Red Rover'  
*Heucherella* PP28751 CPBR5819

## FUN AND GAMES® *Heucherella* (Foamy Bells)

A *Heucherella* is a hybrid of the genus *Heuchera* and *Tiarella*. From *Heuchera*, *Heucherella* get a wide variety of foliage colors and from *Tiarella* they gain additional leaf shapes and central patterns. The FUN AND GAMES® Collection takes full advantage of these new color and leaf features with three unique selections. As foliar plants, these perennials hold their interest for a long time and are perfect for mixed containers.

Exposure: Part Sun to Full Shade | Blooms: Late Spring to Midsummer | Zone: 4-9 | Foliage Height: 8-10" | Flower Height: 18-22" | Space: 16-24"

**FUN AND GAMES® 'Eye Spy'** – Amber yellow leaves with deep rose centers. Bubblegum pink flowers are free-flowering, earlier blooming than the DOLCE® and PRIMO® *Heuchera* series.

**FUN AND GAMES® 'Hopscotch'** – Bronze red leaves have very serrated margins.

**FUN AND GAMES® 'Red Rover'** – Coppery red foliage is deeply lobed.

SUMMERIFIC® 'Ballet Slippers' *Hibiscus* PP29896 CPBR5820

SUMMERIFIC® 'Berry Awesome' *Hibiscus* PP27936 CPBR5647

SUMMERIFIC® 'Candy Crush' *Hibiscus* PP32587 CPBRA5

## SUMMERIFIC® Hardy Hibiscus

SUMMERIFIC® Hibiscus have the potential to make a major impact on any landscape to which they are added. Each variety produces a profusion of blooms for many weeks beginning in the middle of summer, creating an excellent backdrop for other end-of-year plants. When not in bloom, the dark leaf varieties of the collection provide excellent contrast against the normal garden green. These plants are late to emerge but fast growers when they do!

Exposure: Full to Part Sun | Blooms: Midsummer to Early Fall | Zone: 4-9 | Height: 3½-5½' | Space: 3-5'

**SUMMERIFIC® 'Ballet Slippers'** - 7" ruffled white flowers have blush pink edges and a deep red eye. Bright green, serrated foliage.

**SUMMERIFIC® 'Berry Awesome'** - 7-8" wide lavender pink flowers have red eyes and contrasting midnight green foliage.

**SUMMERIFIC® 'Candy Crush'** - 8" bubblegum pink flowers have a near-black, dark red eye. Upright, columnar habit.

**SUMMERIFIC® 'Cherry Choco Latte'** - 8-9" flowers are the largest of the collection with intense deep pink veining radiating from a large red eye.

**SUMMERIFIC® 'Edge of Night'** - 7-8" bubblegum pink flowers. Jet black foliage is the darkest we've seen on a Hardy Hibiscus.

**SUMMERIFIC® 'Evening Rose'** - 8" puckered flowers are hot pink and stand out on near black foliage. Gumdrop-like habit flowers from top to bottom.

**SUMMERIFIC® 'French Vanilla'** - 7-8" creamy custard yellow, ruffled flowers have prominent red eyes. Yellow flower buds. Deep green foliage.

**SUMMERIFIC® 'Holy Grail'** - 8-9" flowers are a rich, deep red. Near black foliage is covered with flowers from top to bottom while in bloom.

**NEW! SUMMERIFIC® 'Lilac Crush'** - 7-8" lilac flowers on a columnar habit of rich green leaves.

**SUMMERIFIC® 'Perfect Storm'** - 7-8" white flowers have bright red eyes and pink veining; each petal is edged in pink. Exceptionally dark foliage.

**SUMMERIFIC® 'Spinderella'** - 8" white pinwheel flowers have pink accented edges and dark red eyes. Dark green leaves.

**NEW! SUMMERIFIC® 'Valentine's Crush'** - 7-8" wide cherry red flowers on a columnar habit of rich green foliage. Replaces 'Cranberry Crush'.

## A Matter of Habit

**SUMMERIFIC® Hibiscus** have come a long way from the tall, rangy habits of old. This sturdy series has evolved from the towering varieties that toppled under the weight of their own flowers into manageable garden perennials that do not. SUMMERIFIC® varieties improve over older varieties with an earlier, longer period of bloom and flowers that cover the entire habit instead of just the top.

The habits of SUMMERIFIC® Hibiscus fall into two main types. Most are a "gumdrop" shape and are widest at the base. A subseries of "crush" types all have columnar habits and appear more upright in the garden.

### Columnar

'Candy Crush', 'Lilac Crush',  
'Valentine's Crush'

### Gumdrop

'Ballet Slippers', 'Berry Awesome', 'Cherry Choco Latte', 'Edge of Night', 'Evening Rose', 'French Vanilla', 'Holy Grail', 'Perfect Storm', 'Spinderella'

SUMMERIFIC® 'Valentine's Crush' *Hibiscus* PPAF CPBRA

## SHADOWLAND® Hostas

Spotting the differences between a good Hosta and a great Hosta are sometimes difficult to see. The bright, wide margins of 'Autumn Frost' are immediately eye-catching, but understanding the value of the corrugated leaves on 'Diamond Lake' can't be captured in a single snapshot moment; nor can the sun tolerance it has compared to older varieties. SHADOWLAND® Hostas were selected not only for the visual traits, but also those that ensure long lasting and consistent garden performance.

Exposure: Full to Part Shade | Blooms: Early to Late Summer | Zone: 3-9

American Hosta Growers Society Size Classifications: Medium (11-18"), Large (19-28"), Giant (29+")

**NEW! SHADOWLAND® 'Above the Clouds'** – Cloudy blue leaves are cupped and have a puckered texture. Pale Lavender flowers.

AHGS Size: Large | Foliage Height: 25" | Flower Height: 30-38" | Space: 54-60"

**SHADOWLAND® 'Autumn Frost'** – Leaves emerge frosty blue with a wide, bright yellow margin that lightens to creamy white. Light lavender flowers.

AHGS Size: Medium | Foliage Height: 12" | Flower Height: 12-16" | Space: 24"

**SHADOWLAND® 'Coast to Coast'** – Foliage emerges gold and lightens with more sun exposure. Leaves become thick and puckered with wavy edges.

AHGS Size: Giant | Foliage Height: 30" | Flower Height: 36" | Space: 36"

**SHADOWLAND® 'Diamond Lake'** – Blue Hosta with attractive, heart-shaped, and heavily corrugated leaves. Leaves can get up to 9" wide by 11" long.

AHGS Size: Large | Foliage Height: 17" | Flower Height: 25-28" | Space: 45"

**NEW! SHADOWLAND® 'Echo the Sun'** – Bright yellow hosta with rippled margins. Smaller plant with more ruffled leaves than 'Coast to Coast'.

AHGS Size: Large | Foliage Height: 19" | Flower Height: 18-27" | Space: 42-48"

**SHADOWLAND® 'Empress Wu'** – One of the largest Hostas on the market. At maturity the leaves can reach a massive 1½ feet wide and long.

AHGS Size: Giant | Foliage Height: 36-48" | Flower Height: 48" | Space: 60-72"

**SHADOWLAND® 'Etched Glass'** – Sport of 'Stained Glass' with wider margins and thicker leaves. Very large and fragrant near-white flowers.

AHGS Size: Medium | Foliage Height: 18" | Flower Height: 36" | Space: 36"

**SHADOWLAND® 'Hope Springs Eternal'** – Heart-shaped, blue horizontal leaves have a crisp creamy white margin. Ruffles the length of the leaves.

AHGS Size: Large | Foliage Height: 22" | Flower Height: 47" | Space: 24-32"

**SHADOWLAND® 'Hudson Bay'** – Wide, bright blue-green margins and apple-green jetting along the cream centers. The foliage is of heavy substance.

AHGS Size: Large | Foliage Height: 24" | Flower Height: 26" | Space: 24"

**SHADOWLAND® 'Miss America'** – Medium green, heart-shaped leaves with white centers and light green intermediate streaking.

AHGS Size: Large | Foliage Height: 19" | Flower Height: 55-61" | Space: 55"

**SHADOWLAND® 'Seducer'** – Dark green foliage has slightly ruffled, gold margins and a trace of white between the margin. Near-white, tubular flowers.

AHGS Size: Large | Foliage Height: 26" | Flower Height: 36-40" | Space: 36"

**NEW! SHADOWLAND® 'Voices in the Wind'** – Blue-green wedge-shaped leaves have very ruffled, creamy yellow margins. Pale lavender flowers.

AHGS Size: Medium | Foliage Height: 17" | Flower Height: 24-29" | Space: 46"

**SHADOWLAND® 'Waterslide'** – Wavy leaves with heavy substance. Rippled leaves hold blue color well into the summer season. Lavender flowers.

AHGS Size: Medium | Foliage Height: 14" | Flower Height: 17" | Space: 32"

**SHADOWLAND® 'Wheee!'** – An extremely ruffled Hosta. Cream colored margins extend from the tip of each leaf down the petiole to the crown.

AHGS Size: Medium | Foliage Height: 11-18" | Flower Height: 24" | Space: 28-30"

**SHADOWLAND® 'Wu-La-La'** – Variegated sport of 'Empress Wu'. Fertilize and water well to reach its full size potential.

AHGS Size: Giant | Foliage Height: 36-48" | Flower Height: 48" | Space: 60-72"

PYROMANIA® 'Rocket's Red Glare' *Kniphofia* PP30772

PYROMANIA® 'Solar Flare' *Kniphofia* PP32073

## PYROMANIA® *Kniphofia* (Red Hot Poker)

These recent introductions will set your landscape on fire beginning in early summer with a profusion of flower spikes. Earlier blooming than most, members of the PYROMANIA™ collection average an intermediate height. They are narrower than they are tall; one of the few perennials that will provide height in a small space without falling over in fall.

Exposure: Full Sun | Blooms: Early to Late Summer | Zone: 5b-9 | Height: 2½-3½' | Space: 2-2½'

**PYROMANIA® 'Backdraft'** – Very wide flower spikes bear intense reddish orange flowers that open to peachy yellow for a two-tone effect.

**PYROMANIA® 'Flashpoint'** – Chartreuse yellow buds mature to creamy white as the flowers open. The last member of the collection to bloom.

**PYROMANIA® 'Hot and Cold'** – This bicolor variety has tangerine orange buds that open to creamy white flowers.

**PYROMANIA® 'Orange Blaze'** – Orange flowers are densely packed on flower spikes proportionate to the foliage. One of the collection's most compact.

**PYROMANIA® 'Rocket's Red Glare'** – Incredibly long flower spikes have vibrant warm red buds that open to creamy peach flowers. Z6-9.

**PYROMANIA® 'Solar Flare'** – Sunny yellow flowers hold consistent color throughout the season.

AMAZING DAISIES® 'Banana Cream II' *Leucanthemum superbum* PPAF CPBRAf

AMAZING DAISIES® DAISY MAY® *Leucanthemum superbum* (Daisy Duke PP21914 CPBR4376)

AMAZING DAISIES® 'Marshmallow' *Leucanthemum superbum* PPAF CPBRAf

AMAZING DAISIES® 'Spun Silk' *Leucanthemum superbum* PPAF CPBRAf

## AMAZING DAISIES® *Leucanthemum* (Shasta Daisy)

Shasta Daisies are all-time favorites for the perennial border. They mix so effortlessly with other perennials that no garden should be without them! The two varieties of the AMAZING DAISIES® collection produce flowers at each axillary shoot, allowing them to fully bloom over the top of their habits and continue to do so prolifically all summer long.

Exposure: Full Sun | Blooms: Early to Late Summer | Zone: 5-9 | Height: 12-24" | Space: 14-24"

**AMAZING DAISIES® 'Banana Cream II'** - An improved 'Banana Cream'. Flower buds are lemon yellow and open to 4" creamy white flowers.

**AMAZING DAISIES® DAISY MAY®** - 3" wide, single, pure white flowers. Exceptional rebloom.

**AMAZING DAISIES® 'Marshmallow'** - 3½" wide fully double flowers.

**AMAZING DAISIES® 'Spun Silk'** - 4½" white flowers are made of narrow fringed petals.

SWEET ROMANCE® *Lavandula angustifolia* ('Kerlavangem' PP23001 CPBR4906)

## Sweet Romance® Lavandula (Lavender)

Gardeners around the world have been growing lavender for centuries for its intensely fragrant flowers, beautiful appearance, and ease of culture. Along comes the improved variety, SWEET ROMANCE®, which begins to flower earlier in the season, typically in early summer and lasts into early fall.

Exposure: Full Sun | Blooms: Early Summer to Early Fall  
Zone: 5-9 | Height: 12-18" | Space: 12-18"

'Bottle Rocket' *Ligularia* PP24486 CPBR5649

## Bottle Rocket Ligularia

A perfectly proportioned *Ligularia*, this variety improves over many market standards with stems that flower at the height of the foliage, leaving no bare stem exposed. The best flowering performance will come from consistent watering - a characteristic held over from its bog plant roots.

Exposure: Light or Filtered Shade | Blooms: Midsummer  
Zone: 4-9 | Height: 28-34" | Space: 24-28"

UPSCALE™ 'Lavender Taffeta' *Monarda* PPAF CPBRAE

UPSCALE™ 'Pink Chenille' *Monarda* PPAF CPBRAE

UPSCALE™ 'Red Velvet' *Monarda* PPAF CPBRAE

## UPSCALE™ Monarda (Bee Balm)

UPSCALE™ *Monarda* average 2-2½' tall and wide with a flowering performance that covers the top half of the plant. This series is excellent for landscape plantings and filling space in the middle of the border. Well-branched stems support a second flush of flowers that extends the length of bloom, a trait that will delight both gardeners and the bees who frequent this popular pollinator perennial.

Exposure: Full Sun to Light Shade | Blooms: Mid to Late Summer | Zone: 4-8 | Height: 22-32" | Space: 24-36"

**NEW! UPSCALE™ 'Lavender Taffeta'** - Dark lavender purple flowers cover shiny, dark green foliage.

**NEW! UPSCALE™ 'Pink Chenille'** - Large, 3½" fluorescent pink flowers have lighter pink interiors for a two-tone effect.

**NEW! UPSCALE™ 'Red Velvet'** - Large cherry red flowers. The tallest variety in the collection. Newly emerging foliage has a bronze cast.

'Leading Lady Amethyst' *Monarda* PPAF CPBRAf

'Leading Lady Orchid' *Monarda* PP33132 CPBRAf

'Leading Lady Pink' *Monarda* PPAF CPBRAf

'Leading Lady Plum' *Monarda* PP26447 CPBR5566

'Leading Lady Razzberry' *Monarda* PPAF CPBRAf

## Leading Lady Monarda (Bee Balm)

Monarda are commonly called Bee Balm because of their incredible popularity with pollinators while in bloom. These native plants are commonly found in sunny areas but can tolerate light shade. Watering and fertilizing well will increase the length and number of flowers during bloom.

Exposure: Full Sun to Light Shade | Blooms: Early to Midsummer | Zone: 4-8 | Height: 10-14" | Space: 22-28"

'Leading Lady Amethyst' – Light amethyst purple flowers with darker interior spots on its petals.

'Leading Lady Orchid' – Orchid pink blossoms.

'Leading Lady Pink' – Bright pink flowers with lighter interiors that clearly show off the spots on its petals.

'Leading Lady Plum' – Magenta purple blossoms.

'Leading Lady Razzberry' – Bright raspberry purple flowers on dark green leaves that have a purple cast and dark bracts.

## Leading Lady vs Pardon My vs Upscale™ Monarda

Members of the Leading Lady series are *M. bradburiana* hybrids. Compared to the *M. didyma* hybrids of the Pardon My series, the Leading Ladies flower about two weeks earlier and are shorter. Both series have clumping habits, though the Leading Ladies tend to be more low and wide than the moderate, narrow height of the Pardon My series. UPSCALE™ Monarda are larger than both the Leading Lady and Pardon My series and have excellent landscape presence, perfect for filling in the middle of the border.

'Pardon My Pink'  
*Monarda* PP24244 CPBR5100

'Pardon My Purple'  
*Monarda* PP22170 CPBR5101

## Pardon My Monarda (Bee Balm)

No room for the tall, bushy, traditional Bee Balm in your garden? Here is a series of moderately sized selections that are easy to tuck into your landscape. Reaching just a little over a foot tall at maturity, these compact selections form bushy, well-branched clumps of green, semi-glossy foliage. All members of this series have shown good resistance to powdery mildew when compared with older varieties.

Exposure: Full Sun to Light Shade | Blooms: Mid to Late Summer | Zone: 4-8 | Height: 14-18" | Space: 22-28"

'Pardon My Cerise' – Dark cherry red flowers.

'Pardon My Lavender II' – Light lavender pink flowers.

'Pardon My Pink' – Cheerful medium pink flowers.

'Pardon My Purple' – Fuchsia purple flowers.

'Pardon My Rose' – Intense rose pink flowers.

'Pardon My Rose'  
*Monarda* PPAF CPBRA5

'Cat's Pajamas' *Nepeta* PP31127 CPBRA5

## Cat's Pajamas Nepeta (Catmint)

A purr-fect Catmint for fans of 'Cat's Meow' who love the look but want a smaller scale version. In addition to being a little over half the height, 'Cat's Pajamas' also blooms about 2-3 weeks earlier than 'Cat's Meow'. Unlike older varieties, 'Cat's Pajamas' has blooms from the soil to the tips of the stems.

Exposure: Full Sun | Blooms: Early Summer to Early Fall  
Zone: 3-8 | Height: 12-14" | Space: 18-20"

'Cat's Meow' *Nepeta faassenii* PP24472 CPBR5098

## Cat's Meow Nepeta (Catmint)

'Cat's Meow' has everything today's gardeners are looking for: a low maintenance, drought tolerant, deer resistant, long blooming perennial that looks great all season. Its small, grey-green, aromatic leaves are topped with well-branched stems carrying spikes of sky blue flowers with purple calyxes.

Exposure: Full Sun | Blooms: Early Summer to Early Fall  
Zone: 3-8 | Height: 17-20" | Space: 24-36"

'Drops of Jupiter' *Origanum* PP33367 CPBRAf

## Drops of Jupiter

### Origanum (Ornamental Oregano)

When planted in full sun, the leaves of 'Drops of Jupiter' are chartreuse yellow. Later in the summer, mauve pink flowers are held on purple calyxes. The calyxes hold after the flowers are spent and extend the attractiveness late into fall. Its leaves are edible, but will not have as intense of a flavor as its cousins.

Exposure: Full Sun | Blooms: Midsummer to Early Fall  
Zone: 4-9 | Height: 24" | Space: 36"

'Midnight Masquerade' *Penstemon* PP29603 CPBR6262

## Midnight Masquerade

### Penstemon (Beardtongue)

A native perennial with a myriad of practical landscape uses, 'Midnight Masquerade' comes from prairie roots and is naturally tolerant to heat, wind, and drought. This plant sends its flowers high in early summer to be easily seen by pollinators. Though this plant sways with the wind and provides excellent garden movement, it will not collapse.

Exposure: Full Sun | Blooms: Early Summer  
Zone: 3-8 | Height: 36-40" | Space: 28-32"

'Denim 'n Lace' *Perovskia atriplicifolia* PP28445 CPBR5568

## Denim 'n Lace

### Perovskia (Russian Sage)

Gardeners have long loved Russian Sage for its airy texture and the ability to blend with pretty much any flower color. However, the cultivars available tended to be too large to fit in your garden or the stems wouldn't be strong enough and they would flop over. Enter 'Denim 'n Lace'! These flower stems will hold up to any weather condition.

Exposure: Full Sun | Blooms: Midsummer to Mid Fall  
Zone: 4-9 | Height: 28-32" | Space: 34-38"

'Sage Advice' *Perovskia atriplicifolia* PP33310 CPBRAf

## Sage Advice

### Perovskia (Russian Sage)

Rich lavender purple flowers are produced on strong, upright plants filled with oval-shaped, notched leaves. This is early to bloom just like its counterpart 'Denim 'n Lace'. Compared to 'Denim 'n Lace', this is a slightly taller variety with darker purple calyxes and broader leaves, compared to the dissected leaves of the former.

Exposure: Full Sun | Blooms: Midsummer to Mid Fall  
Zone: 4-9 | Height: 32-36" | Space: 28-32"

SPRING BLING™ 'Pink Sparkles'  
*Phlox subulata* PP33276 CPBRAf

SPRING BLING™ 'Rose Quartz'  
*Phlox subulata* PP33315 CPBRAf

SPRING BLING™ 'Ruby Riot'  
*Phlox subulata* PPAf CPBRAf

## SPRING BLING™ (Hybrid Creeping Phlox)

These spring groundcovers take Creeping Phlox to the next level of refinement and beauty. Beautifully mounded habits look better later into the spring season—you'll want to show off these beauties like your finest jewelry. Compared to the MOUNTAINSIDE™ Series, these can bloom earlier (depending on weather), have larger flowers and form more of a mounding habit the first two years in the ground.

Exposure: Full Sun | Blooms: Early to Mid Spring | Zone: (3)4-8 | Height: 4-8" | Space: 24-28"

**SPRING BLING™ 'Pink Sparkles'** – Soft, baby pink flowers with lighter halos at the centers. The earliest of the series to bloom with the largest flowers (1½")—double the size of most other *P. subulata* types.

**SPRING BLING™ 'Rose Quartz'** – Rose pink flowers. A deeper shade than 'Pink Sparkles' but lighter than 'Ruby Riot'.

**SPRING BLING™ 'Ruby Riot'** – Reddish pink flowers with darker eyes at center.

'Magenta Sprite' *Phlox* PP31239 CPBRAf

'Purple Sprite' *Phlox* PP31272 CPBRAf

'Rose Sprite' *Phlox* PP31214 CPBRAf

## Sprite (Hybrid Spring Phlox)

Gardeners looking for a splash of spring color should look no further than the Sprite series. This interspecific series of Phlox is perfect for edging the front of the border and as an early season food source for pollinators. Try matching these hybrids with other moderately sized perennials such as 'Cat's Pajamas' Nepeta, DOLCE® Heuchera, or 'Boogie Woogie' Sedum.

Exposure: Full Sun to Light Shade | Blooms: Mid to Late Spring | Zone: 4-8 | Height: 6-8" | Space: 18-22"

**'Magenta Sprite'** – Magenta pink flowers.

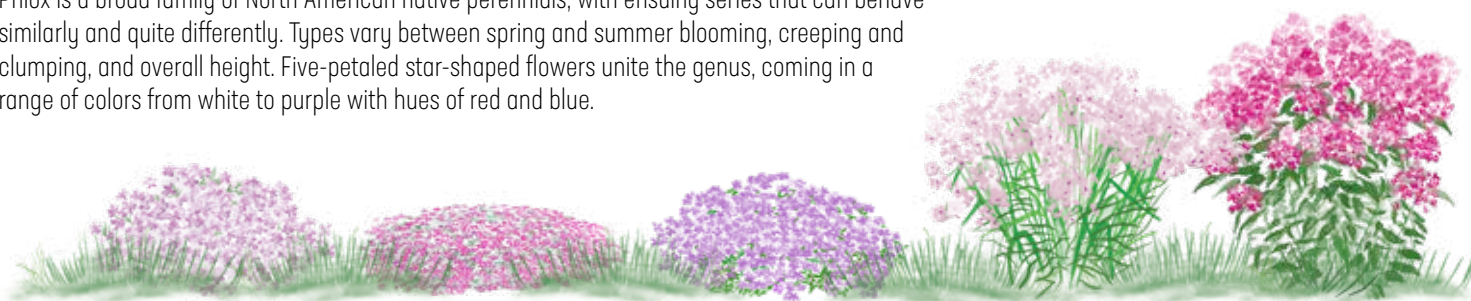

**'Purple Sprite'** – Bright purple flowers with a tiny white halo in the center.

**'Rose Sprite'** – Rose pink flowers with a tiny white halo in the center.

# A Phlox for Every Season

Phlox is a broad family of North American native perennials, with ensuing series that can behave similarly and quite differently. Types vary between spring and summer blooming, creeping and clumping, and overall height. Five-petaled star-shaped flowers unite the genus, coming in a range of colors from white to purple with hues of red and blue.

SPRING BLING™

MOUNTAINSIDE™

Sprite

Opening Act

LUMINARY™

Series	Blooms	Habit Type	Features
SPRING BLING™ Hybrid Creeping Phlox	Early to Mid Spring	Mounding, Moderate Spreading	Blooms before traditional Creeping Phlox, largest flowers for Spring-types
MOUNTAINSIDE™ Hybrid Spring Phlox	Mid Spring	Spreading, Compressed	Blooms before traditional Creeping Phlox, shortest series
Sprite Hybrid Spring Phlox	Mid to Late Spring	Mounding, Slow Spreading	Blooms 1-2 weeks after Creeping Phlox, tolerates light shade
Cloudburst Tall Cushion Phlox	Early to Late Summer, Rebloomer	Upright, Mounding	Dome of flowers, billowy, mounded habit
Opening Act Hybrid Garden Phlox	Early to Midsummer, Rebloomer	Upright, Columnar, Stoloniferous	Exceptional mildew resistance, rebloom extends flower color to early fall
LUMINARY™ Tall Garden Phlox	Mid to Late Summer, Rebloomer	Upright, Columnar, Clumping	Exceptional mildew resistance, tallest Proven Winners Phlox series

MOUNTAINSIDE™ 'Crater Lake' Phlox PP32990 CPBRAf

MOUNTAINSIDE™ 'Majestic Magenta' Phlox PP33006 CPBRAf

## MOUNTAINSIDE™ (Hybrid Spring Phlox)

These serve as a spring groundcover that blooms around the same time as tulips and other bulbs. Unlike *P. subulata* (Creeping Phlox) that can easily overtake your garden, the MOUNTAINSIDE™ Phlox are more refined spreaders and are more compressed to the ground. These also bloom 1-2 weeks ahead of *P. subulata*, depending on spring weather.

Exposure: Full Sun | Blooms: Mid Spring | Zone: 4-8 | Height: 4-6" | Space: 24-28"

**MOUNTAINSIDE™ 'Crater Lake'** – Cool indigo purple flowers.

**MOUNTAINSIDE™ 'Majestic Magenta'** – Star-shaped, rich dark pink flowers. Can bloom up to a week earlier than 'Crater Lake'.

'Opening Act Romance' Phlox PPAF CPBRAf

'Opening Act Blush' Phlox PP27462 CPBR5991

'Opening Act Ultrapink' Phlox PP32093 CPBRAf

'Opening Act White' Phlox PP27461 CPBR5992

## Opening Act (Hybrid Phlox)

Tall Garden Phlox are a mainstay in the midsummer sun garden, but for those who can't wait, this hybrid Phlox series starts early. It boasts a longer season of color in addition to being earlier blooming, with flowers typically appearing from early summer well into midsummer, with rebloom into early fall. The glossy foliage is mildew and disease resistant and will hold up to heat and humidity.

Exposure: Full Sun to Light Shade | Blooms: Early to Midsummer, Rebloomer | Zone: 4-8 | Height: 18-26" | Space: 24-32"

'Opening Act Blush' - Lavender pink flowers.

'Opening Act Pink-a-Dot' - Near white flowers with a central pink star pattern.

'Opening Act Romance' - Rich lavender pink flowers have a small white halo at the centers.

'Opening Act Ultrapink' - Fluorescent rose pink flowers.

'Opening Act White' - Pure white flowers.

## What Makes Opening Act Hybrid Phlox Unique

*P. paniculata* (also known as Tall Garden Phlox) have been one of the most popular types of perennials for traditional and native gardeners. Phlox offer an abundance of benefits in the landscape, whether serving as a thriller in summer gardens or as a hub for pollinators. This is a perennial that has been much adored through the years and rightly so. However, the quest for perfectly formed flower clusters at the top of each stem has limited the potential of the genus.

Opening Act Phlox take the genus in a different direction. As interspecific hybrids, Opening Act varieties trade perfectly formed panicles for mounding clusters - but this does not mean they lack any flower power! Compared to typical *P. paniculata* varieties, they bloom 2-4 weeks earlier and have significantly improved rebloom, with some flowers appearing even up to frost. Their performance in the landscape varies as well with stoloniferous habits, meaning that instead of clumping like *P. paniculata*, Opening Act varieties will slowly fill whatever space they are planted into. And they have improved mildew resistance!

LUMINARY™ 'Backlight' *Phlox paniculata* PPAF CPBRAf

LUMINARY™ 'Opalescence' *Phlox paniculata* PP33295 CPBRAf

LUMINARY™ 'Sunset Coral' *Phlox paniculata* PPAF CPBRAf

LUMINARY™ 'Ultraviolet' *Phlox paniculata* PPAF CPBRAf

## LUMINARY™ (Tall Garden Phlox)

Tall Garden Phlox are a staple of summer gardens with their big, brightly colored panicles. These plants have become essentials when planning a pollinator or native inspired garden. LUMINARY™ Phlox ensure that whether you're planting for purpose or for pleasure, you get performance. Selected for mildew resistance and rebloom, these varieties will give you more flowers and cleaner plants.

Exposure: Full Sun to Light Shade | Blooms: Mid to Late Summer, Rebloomer | Zone: 3-8 | Height: 30-36" | Space: 24-32"

**LUMINARY™ 'Backlight'** – Pure white flowers are produced in well-defined panicles at the top of a perfect habit.

**LUMINARY™ 'Opalescence'** – The flagship variety of the LUMINARY™ Collection and the new gold standard of powdery mildew resistance. Light pink flowers with dark pink eyes are produced over dark green leaves.

**NEW! LUMINARY™ 'Sunset Coral'** – Coral pink flowers have an orange tinge; the orange color is especially noticeable when compared with true pink Tall Garden Phlox varieties.

**LUMINARY™ 'Ultraviolet'** – Very dark, magenta violet flower panicles. An improvement on the industry standard 'Nicky', with darker stems and buds, bronzed leaves, more floriferous performance, and better resistance to powdery mildew.

'Cloudburst' *Phlox* PP30289 CPBR6263

## Cloudburst

### Tall Cushion Phlox

A truly one-of-a-kind Phlox, 'Cloudburst' finds itself somewhere in the middle of what's been seen before. It's tall, billowy habit flowers nearly to the ground. The initial flush of flowers appear like a dome of color in early summer, with rebloom through the end of the season. An excellent perennial for attracting pollinators.

Exposure: Full Sun | Blooms: Early to Late Summer, Rebloomer  
Zone: 4-8 | Height: 28" | Space: 42"

'Heaven Scent' *Polemonium* PP20214

## Heaven Scent

### Polemonium (Jacob's Ladder)

This variety forms a mound of green, fern-like foliage with deep purple highlights from spring into summer. The foliage grows about 12" tall and is topped by clusters of lightly fragrant, blue flowers. Though most Polemoniums prefer afternoon shade, 'Heaven Scent' can handle full sun in Northern regions with a good supply of moisture.

Exposure: Full Sun to Part Shade | Blooms: Late Spring  
Zone: 3-7 | Height: 18-24" | Space: 15-18"

'Pink-a-Blue' *Pulmonaria* PPAF CPBRAE

## NEW! Pink-a-Blue

### Pulmonaria (Lungwort)

Pink flower buds open to medium blue flowers in early spring. Buds and blooms appear at the same time for an alluring two tone effect. Long green leaves dappled with silver spots will hold interest for the remainder of the growing season. The silver spotted foliage is perfect for brightening up the shade and resistant to both browsing deer and rabbits.

Exposure: Part to Full Shade | Blooms: Late Spring  
Zone: 3-9 | Height: 16-18" | Space: 22-24"

'Spot On' *Pulmonaria* PP33063 CPBRAE

## Spot On

### Pulmonaria (Lungwort)

The flowers of 'Spot On' open a unique deep salmon pink (nearly orange) that matures to a rich blue color. This is one of the first Pulmonaria to have near-orange flower buds. Silver speckling dusts the green leaves. Use the speckled foliage as an accent for other shade plants after its bloom season.

Exposure: Part to Full Shade | Blooms: Late Spring  
Zone: 3-9 | Height: 14-16" | Space: 18-20"

COLOR SPIRES® 'Azure Snow' *Salvia* PP30534 CPBRAAF

COLOR SPIRES® 'Back to the Fuchsia' *Salvia* PP32920 CPBRAAF

COLOR SPIRES® 'Pink Dawn' *Salvia* PP26343 CPBR5569

COLOR SPIRES® 'Snow Kiss' *Salvia* PP32848 CPBRAAF

## COLOR SPIRES® Perennial Salvia

This collection contains a mixture of *S. nemorosa* and *S. pratensis* hybrids. Members of the COLOR SPIRES® collection have excellent vigor and basal branching to form full, well-rounded plants. These robust varieties have substantial landscape presence and are a favorite of pollinators. Perennial Salvia are generally unbothered by browsing deer and rabbits.

Exposure: Full Sun | Blooms: Late Spring to Early Summer | Zone: 3-8 | Height: 18-22" | Space: 18-24"

**COLOR SPIRES® 'Azure Snow'** – Deep violet-blue and white bicolor flowers.

**COLOR SPIRES® 'Back to the Fuchsia'** – Fuchsia pink flowers on charcoal stems.

**COLOR SPIRES® 'Crystal Blue'** – Sky blue flowers.

**COLOR SPIRES® 'Indiglo Girl'** – Indigo blue flowers in dark calyxes.

**COLOR SPIRES® 'Pink Dawn'** – Cotton candy pink flowers.

**COLOR SPIRES® 'Snow Kiss'** – Snow white flowers have soft pink lips.

**COLOR SPIRES® 'Violet Riot'** – Vivid violet blue flowers.

## Profusion Perennial Salvia

This flagship series of Perennial Salvia is in a class of its own! These *S. nemorosa* hybrids rebloom profusely and multiple times throughout the summer if the spent flower stems are cut back. The sheer density of flower stems will certainly catch your eye as you walk past! These are easy to grow perennials that are mostly unbothered by deer and rabbits. This is the perfect perennial series to kick off your summer garden!

Exposure: Full Sun | Blooms: Late Spring to Early Summer, Excellent Rebloom | Zone: 3-8 | Height: 16-20" | Space: 16-20"

**'Perfect Profusion'** – Icy blue flowers.

**'Pink Profusion'** – Dark pink flowers.

**'Violet Profusion'** – Violet blue flowers.

**'White Profusion'** – Pure white flowers.

ROCK 'N GROW® 'Back in Black' Sedum PPAF CPBRA

ROCK 'N GROW® 'Coraljade' Sedum PPAF CPBRA

ROCK 'N GROW® 'Lemonjade' Sedum PP26448 CPBR5334

ROCK 'N GROW® 'Tiramisu' Sedum PPAF CPBRA

## ROCK 'N GROW® Sedum

Stonecrop are a mainstay of the fall garden, and ROCK 'N GROW® Sedums are some of the best on the market. These upright plants are the tallest of the three collections and typically bloom last.

Exposure: Full Sun | Blooms: Early Fall | Zone: 3-9 | Height: 16-18" | Space: 26-28"

**ROCK 'N GROW® 'Back in Black'** - Black foliage. Flowers with deep garnet red centers and cream petals will appear.

**ROCK 'N GROW® 'Coraljade'** - Same rich green foliage as 'Lemonjade', but with soft coral pink flowers.

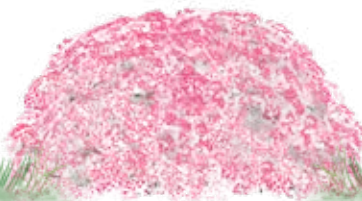

**ROCK 'N GROW® 'Lemonjade'** - 5-7" panicles of bright citron yellow flowers appear in early fall on the upright variety.

**ROCK 'N GROW® 'Tiramisu'** - Bronze leaves form a wide, dome-shaped habit. Tiny clusters of blush pink buds open to cream flowers.

## Sedum Side by Side

ROCK 'N ROUND™

ROCK 'N GROW®

ROCK 'N ROUND™ 'Bright Idea' Sedum PP4F CPBRAf

ROCK 'N ROUND™ 'Bundle of Joy' Sedum PP30808 CPBRAf

ROCK 'N ROUND™ 'Popstar' Sedum PP31228 CPBR6264

ROCK 'N ROUND™ 'Pride and Joy' Sedum PP32530 CPBRAf

ROCK 'N ROUND™ 'Pure Joy' Sedum PP24194 CPBR5340

ROCK 'N ROUND™ 'Superstar' Sedum PP31547 CPBR6265

## ROCK 'N ROUND™ Sedum

This break-away series of the ROCK 'N GROW® collection takes all of the shorter, mushroom-cap type Sedum hybrids and groups them together.

Exposure: Full Sun | Blooms: Late Summer to Early Fall | Zone: 3-9 | Height: 10-12" | Space: 16-20"

**NEW! ROCK 'N ROUND™ 'Bright Idea'** – Red stems hold deep green, serrated leaves and clusters of bright yellow flowers. Blooms early summer.

**ROCK 'N ROUND™ 'Bundle of Joy'** – Sport of 'Pure Joy' with snow white flowers and the same exemplary performance as the parent.

**ROCK 'N ROUND™ 'Popstar'** – An improved *S. caudicola* with more vigor and a tidier habit than the species.

**ROCK 'N ROUND™ 'Pride and Joy'** – Sport of 'Pure Joy' with darker pink flowers and the same exemplary performance as the parent.

**ROCK 'N ROUND™ 'Pure Joy'** – Bubblegum pink flowers appear in late summer on a low, mounded habit.

**ROCK 'N ROUND™ 'Superstar'** – Deep magenta pink flowers and smokey gray foliage. *S. caudicola* type.

ROCK 'N LOW™ 'Boogie Woogie' Sedum PP31767 CPBRAf

ROCK 'N LOW™ 'Yellow Brick Road' Sedum PP32158 CPBRAf

## ROCK 'N LOW™ Sedum

A sub-series from the ROCK 'N GROW® collection taking the groundcover-type sedum 'Boogie Woogie' and 'Yellow Brick Road'. These varieties are the shortest of the Proven Winners® Sedum.

Exposure: Full Sun | Blooms: Early to Late Summer | Zone: 3-9 | Height: 6-8" | Space: 16-24"

**ROCK 'N LOW™ 'Boogie Woogie'** – Groundcover type with finely textured variegated foliage. Soft yellow flowers in midsummer.

**ROCK 'N LOW™ 'Yellow Brick Road'** – Low spreading groundcover with red stems, fine green leaves, and yellow flowers.

'Cutting Edge' Tiarella PP29745 CPBR6258

## Cutting Edge Tiarella (Foamflower)

The perfect plant for spring interest in your shade garden! This woodland perennial has finely dissected green leaves with dramatic dark burgundy centers and a nicely rounded habit. In early spring, creamy bottlebrush-like flowers cover the entire plant. It has a clumping habit and is well-behaved in the garden.

Exposure: Full to Part Shade | Blooms: Early to Late Spring  
Zone: 4-9 | Height: 8-10" | Space: 16-18"

## Three Foliage Friends

### Heuchera

Heuchera species and hybrids vary greatly in size, color, and sun tolerance. Crosses typically have well-rounded leaves and can tolerate some sun, though the lighter leaf colors prefer filtered or afternoon shade. Most varieties bloom in early or midsummer.

### Tiarella

A spring blooming woodland perennial closely related to the popular Heuchera. Tiarella require more moisture than Heuchera to thrive but will also handle deeper shade. Leaves for Tiarella are typically serrated and have a dark red central eye zone. White flowers appear in spring, ahead of Heuchera.

### Heucherella

A cross of Heuchera and Tiarella, these sterile hybrids take characteristics from both parents. Behaviors vary based on the cross, but Heucherella typically bloom in early summer and have the eye zone of their Tiarella parent. Leaf and flower colors vary based on the Heuchera parent.

MAGIC SHOW® 'Ever After' *Veronica* PPAF CPBRAf

MAGIC SHOW® 'Pink Potion' *Veronica* PP29681 CPBR5821

MAGIC SHOW® 'Purple Illusion' *Veronica* PP31301 CPBRAf

MAGIC SHOW® 'White Wands' *Veronica* PP27632 CPBR5822

MAGIC SHOW® 'Wizard of Ahhs' *Veronica* PP31044 CPBRAf

## MAGIC SHOW® *Veronica* (Spike Speedwell)

Members of this collection were chosen for their prolific, early blooming characteristics. Each flower spike has multiple secondary spikes to enhance and prolong flowering. Although the genus is commonly afflicted with powdery mildew, MAGIC SHOW® *Veronica* do not share this problem as each was selected only after showing resistance.

Exposure: Full Sun to Light Shade | Blooms: Early to Midsummer | Zone: 4-8 | Height: 14-16" | Space: 16-22"

**NEW! MAGIC SHOW® 'Ever After'** – Lavender blue flowers. Ever-blooming flower spikes.

**MAGIC SHOW® 'Pink Potion'** – Pink flowers.

**MAGIC SHOW® 'Purple Illusion'** – Purple flowers.

**MAGIC SHOW® 'Wizard of Ahhs'** – Violet blue flowers. Early bloomer.

**MAGIC SHOW® 'White Wands'** – Pure white flowers. Excellent rebloom.

## PRAIRIE WINDS® Ornamental Grasses

Ornamental grasses offer great value for the landscape gardener, providing height, movement, and fall interest. All members of this collection maximize those values, with sturdy, upright habits and captivating fall displays.

### PRAIRIE WINDS® Apache Rose Panicum (Switch Grass)

Neither rain nor wind will knock this solid grass down! While other green-leaved Switch Grass typically have cream or tan inflorescences, 'Apache Rose' has unique rose-colored flower panicles.

Exposure: Full Sun | Blooms: Late Summer | Zone: 4-9 | Height: 4' | Space: 2½'

### PRAIRIE WINDS® Cheyenne Sky Panicum (Switch Grass)

This compact red Switch Grass is absolutely ideal for growing in decorative or combination containers. 'Cheyenne Sky' forms a tight, vase-shaped clump of foliage that begins turning wine red in early summer.

Exposure: Full Sun | Blooms: Late Summer | Zone: 4-9 | Height: 3' | Space: 1½'

### NEW! PRAIRIE WINDS® Niagara Falls Panicum (Switch Grass)

This native ornamental grass appears like a Miscanthus in the landscape with arching foliage, but adds the powder blue color characteristic of Switch Grass. In fall, sprays of cream seed heads pack the top of the plant.

Exposure: Full Sun | Blooms: Late Summer | Zone: 4-9 | Height: 4' | Space: 4'

PRAIRIE WINDS® 'Totem Pole' *Panicum virgatum* PP29951 CPBRAf

PRAIRIE WINDS® 'Desert Plains' *Pennisetum alopecuroides* PP20751

PRAIRIE WINDS® 'Lemon Squeeze' *Pennisetum alopecuroides* PPAF CPBRAf

PRAIRIE WINDS® 'Blue Paradise' *Schizachyrium scoparium* PP28145 PBR5650

## PRAIRIE WINDS® Totem Pole Panicum (Switch Grass)

This super vertical plant is significantly taller than it is wide. The columnar habit isn't just a race for height; gardeners will find it resilient to weather and remaining upright through the end of winter.

Exposure: Full Sun | Blooms: Late Summer | Zone: 4-9 | Height: 6' | Space: 2½'

## PRAIRIE WINDS® Desert Plains Pennisetum (Fountain Grass)

An excellent choice for gardeners looking for solid habit, flowering performance, and fall color in their ornamental grasses. 'Desert Plains' has showy, 5" bottlebrush plumes that are large for a Fountain Grass.

Exposure: Full Sun | Blooms: Early Fall | Zone: 5-9 | Height: 3-4' | Space: 3-4'

## PRAIRIE WINDS® Lemon Squeeze Pennisetum (Fountain Grass)

One of the best for vigor that we've seen in gold-leaved Pennisetum with absolutely no burning in the sun. Full sun required for brightest gold color. Copper panicles appear above the foliage in midsummer and provide additional interest to this three seasons grass.

Exposure: Full Sun | Blooms: Midsummer to Early Fall | Zone: 5-9 | Height: 3-3½' | Space: 4-4½'

## PRAIRIE WINDS® Blue Paradise Schizachyrium (Little Bluestem)

Silvery-blue leaves transition to a wine-purple color in fall before ending the season a deep red. The habit resists flopping and can be enjoyed sticking up through the snow all winter long.

Exposure: Full Sun | Blooms: Late Summer to Early Fall | Zone: 3-9 | Height: 3-3½' | Space: 2'
